Account Confirmation

Account · https://get.1li.ch/en/faq/account-confirmation/

In order to complete your registration, you must confirm your account by clicking on the link you receive by email. Once done you can immediately log in and start using the platform.

If you did not receive the confirmation link, we first recommend checking your Spam folder. If you did not receive the email instead, you can request a new activation link by clicking on the "Resend Activation Link" link on the Login page.
